## From the President...

For over 30 years, Mission Discovery has opened doors of opportunity for groups, individuals, and families to serve on mission trips from Appalachia to Africa.

**Mission Discovery's goal is to make it simple to go on a mission trip and serve others.**

So far, more than 50,000 people have risen to the challenge. Each year, missionaries and ministries around the world invite us to send mission teams to aid in their ongoing efforts to meet the needs of others. We partner with established ministries in the States and abroad by bringing enthusiastic volunteers to serve the vision God has given them. Our teams can leave knowing that the work continues even after we leave.

Each trip is unique, yet always includes a vital work project, an outreach to children or adults, and a time to gather each evening to worship God and learn more about Him.

Before going on a Mission Discovery trip, you'll receive an experiential learning packet we call Pre-Field Orientation, comprised of all the resources needed to prepare. This practical and philosophical framework covers everything from team covenants and cultural sensitivities to children's ministry tips and building basics.

As you'll note, we offer domestic and international trips with a wide range of participation costs. Food, lodging, construction supplies, pre-field orientation materials, a t-shirt, and trip insurance are included. The price does not cover transportation costs to your destination.

Thank you for considering Mission Discovery. We would love to serve with you.

**Nathan Walters**

President

**Our mission is to serve Jesus Christ by mobilizing believers to meet the physical and spiritual needs of people all over the world.**

## What people are saying...

*Mission Discovery is one of those rare ministries that has a mature grasp on both the toxic and transformative aspects of mission work. Years of frontline ministry experience among the poor and many nations has taught them how to lead young people and adults alike into sensitive, impactful mission – mission that makes a lasting difference in the lives of servers as well as those being served.*

**Bob Lupton,**

Author of Toxic Charity

*Mission Discovery is a wonderful organization to work with. Because they handle so much of the administrative tasks and organize the mission projects, leaders can spend more time with their team members. At the same time, MD allows church groups to put their own personalities (and even idiosyncrasies) into the experience. The cost of partnering with Mission Discovery is well worth the leader's time saved and complications avoided.*

Known for its cobblestone streets and colonial architecture, Antigua is the cultural hub of Guatemala, drawing tourists from all around the world. But on its outskirts are families who struggle to earn enough money for basic food and shelter. Children as young as seven often give up the chance for education to help sustain their families. Mission Discovery teams will join forces with local ministries to disrupt the cycle of poverty by providing hands-on help through construction projects such as home building, and Children's Bible School. Your work will serve to brighten the future of Guatemala.

## MEDICAL MISSIONS

Medical professionals and students can expand their skills while making a difference in the underserved communities around Antigua. Activities during the trip can include teaching health topics and providing clinical care to locals. Volunteers will also have the chance to explore the country and build relationships with the local people. Mission Discovery ensures a safe and impactful experience for everyone who joins and takes pride in creating a fulfilling and life-changing experience. Consider joining their medical mission trip to Guatemala to make a difference and be part of something special.

Make a difference in the lives of children and families in need. Mission Discovery teams work with an organization that was founded in 1932 and has been providing high-quality care and support through preventive and family intervention programs. With four daycare and child development centers, a teenage care program, and a temporary foster care alternative, you will help ensure children and adolescents have the right to family and community coexistence. Be a part of this mission. Experience an unforgettable opportunity to share the Christian vision of life and make a meaningful impact on the lives of those in need.

## BULEMBU ESWATINI

**\$1899**  
10 DAY TRIP

Eswatini is in crisis. HIV infection rates are estimated at over 25% and AIDS accounts for roughly 60% of deaths each year. The people of Bulembu Ministries dream of providing homes and a brighter future to 2,000 orphans.

With Mission Discovery teams working alongside them, they have started renovating an abandoned mining town to create a self-sustaining community where these orphans will thrive. In addition to construction projects, your team will experience one-on-one ministry with Bulembu's precious residents. Adding to the adventure is a two-night safari in the world-famous Kruger National Park.

Mission Discovery's efforts in Northern Ireland will focus on sharing the Gospel and improving relations between Protestant and Catholic believers. Mission Discovery ministry partners hope to break the cycle of mistrust and animosity that has divided Northern Ireland for over 60 years.

They want to be part of a new narrative where the love of Christ unites the Irish people. Together with members of the local church congregation, teams will go out into the community. The primary mission will be to engage with people through after-school visits, park ministry, and one-on-one connections.

Without the selfless dedication of the staff of Jamaica Christian School for the Deaf, hundreds of children with a variety of special needs would not receive the education they need. For 15 years, Mission Discovery has partnered with JCSD by building essential facilities, giving one-on-one attention to children, and assisting the staff.

Now, you can make a lasting impact on these children by updating their classrooms and building a vocational center that will provide life skills to older students preparing to join the Jamaican workforce. Expand your awareness of what God is doing in Jamaica by visiting Westhaven Home for the disabled or hosting a Children's Bible School.

Nestled between towering boulders and miles of scrub brush, the mountainous town of Tecate is often overlooked for help because of its remote location. Tecate is a refuge to thousands who come hoping to find work near or across the U.S. border, but the low wages in the tourist or manufacturing sectors keep them near abject poverty. Partnered with the people of Tecate and local churches, your Mission Discovery team will continue a 25+ year commitment to families through home construction and Children's Bible School.

# BLUEFIELD WEST VIRGINIA

Immerse yourself in the breathtaking vistas of majestic mountains and encounter the warmest hospitality from the locals. However, amidst the charm, a pressing issue looms large: poverty grips this community, affecting numerous families.

But your group can make a profound difference. Repair homes and witness the joy that radiates from transformed families as you bring comfort to those in need. Moreover, you will have the opportunity to share the love of God through meaningful fellowship. These shared moments of connection will forge bonds that withstand the test of time, fostering a supportive community where hope and restoration prevail.

# BOSTON MASSACHUSETTS

South Boston is an area with deep ties to faith. When the Pilgrims first settled in Massachusetts, they envisioned that their community would stand as “a city on the hill” for the light of the gospel. Four hundred years later, the North East is one of the most unreached parts of the United States. Churches sit vacant, and very few hear God’s message of redemptive grace. Mission Discovery teams demonstrate the love of God to a local community church. Through acts of service and outreach events, the church hopes to become a vital part of community life in Holbrook, Massachusetts. Come be a light in South Boston.

## RAPID CITY SOUTH DAKOTA

Repair homes, help renovate a new ministry center, and go into the community to deliver furniture to families in need. In Rapid City, your group can make an immediate impact and leave knowing that the work will continue. At the end of a week of service, you'll have a day to relax in the beauty of South Dakota by visiting Mt. Rushmore, Badlands National Park, seeing buffalo in Custer State Park, and visiting the Crazy Horse monument and museum. Every evening your team will gather to worship together, talk about how God worked that day, and hear from God's word.
